New York Cares longtime Community Partner, BronxWorks was recently featured in the Heart Gallery NYC's inaugural "Through the Eyes of the Homeless" exhibition, where photography is used to empower and raise awareness of individuals within the NYC homeless population. Hear more from BronxWorks about this powerful exhibit and its goals below:

"Harnessing the power of photography to both express oneself and communicate one's story to a broader audience, the "Through the Eyes of the Homeless" project pairs homeless (or recently homeless) New Yorkers with professional photographers to create images that speak to their lived experiences - in the process, raising public awareness about issues of affordable housing in the city."

BronxWorks helps individuals and families improve their economic and social well-being. From toddlers to seniors, BronxWorks feeds, shelters, teaches, and supports New Yorkers to build a stronger community. New York Cares partners with multiple BronxWorks Family Residence sites, such as Jackson Avenue, Nelson Avenue, and Willow Avenue to run recreational programs such as dance classes, bedtime stories, and field trip outings.
